Welcome

**EDITION 5**

**"Every Story Matters"**

is a way of making people feel understood. To tell them that their story is equally important and bring it forth to an audience who cherishes it. This year, we embark on this storytelling journey through the medium of art by revealing the intricate layers of our shared humanity. Every performance in this edition exhibits the triumphs and tribulations, the joys and sorrows, and the conflicts and resolutions that shape our lives.

**Art

In Edition 5 of the Abhivyakti City Arts Project, we embark on a remarkable journey to bring forward stories through art. This year, the proposals were invited across all India hoping to bring forth the diverse voices and perspectives that converge in the vast tapestry of human stories. Here artists become the custodians of these tales, translating them into captivating visuals, melodies, movements and powerful performances.
